DIES FROM INJURIES

MRS. BOOTH-TUCKER REPORTED KILLED IN A RAILROAD ACCIDENT IN MISSOURI.

SEVENTEEN OTHERS INJURED

THE WRECK IS SUPPOSED TO HAVE BEEN CAUSED BY THE RAILS SPREADING.

Kansas City, Mo., Oct. 29.—A special from Dean Lake, Mo., says that Mrs. Booth-Tucker was fatally injured in the Santa Fe wreck and died half an hour later.

Topeka, Kan., Oct. 29.—At 3:30 this morning General Mudge of the Santa Fe said that Mrs. Booth-Tucker was among those seriously injured in the Santa Fe wreck at Marcellane.

"From the information we have at this hour," said Mr. Mudge, "I think it improbable that Mrs. Booth-Tucker is dead. I have just had our chief operator investigate and can obtain nothing more than that Mrs. Tucker was among the injured. I believe I may say she is fatally hurt. Our report from there says Mrs. Booth-Tucker was more seriously injured than any other in the wreck."

Mr. Mudge says seventeen others were hurt. Only four seriously.

A special train left here at 1 o'clock this morning for the scene of the wreck in charge of J. D. M. Hamilton, claim agent of the road. Dr. J. P. Kuster, chief surgeon, is on the train with a force of physicians and nurses. All the injured are at Marcellane, where they will be kept until tomorrow.

Kansas City, Oct. 29.—Santa Fe passenger train No. 2, which left here at 6 o'clock last night, was wrecked at Dean Lake, half way between Bosworth and Marcellane, Mo., and it is reported that seven or eight were injured. It is supposed that the wreck was caused by the spreading of the rails. Three sleepers and the dining car was dented; the remainder of the train remained on the track. Mrs. Booth-Tucker and other members of the Salvation army were on the train. Colonel Holland was very badly injured.

EXCITEMENT HAS SUBSIDED.

Run on St. Louis Trust Companies at an End.

St. Louis, Oct. 29.—The statement of President Julius S. Walsh of the Mississippi Valley Trust company, whose sentiments are echoed in interviews given out by other trust com-

pany officials of St. Louis, that "the situation is thoroughly in hand, the excitement has subsided and from this on we expect business will be conducted in the usual orderly manner," expresses the opinion that seems general after the unwonted financial conditions which prevailed here during parts of Tuesday and Wednesday.

Officers of all the trust companies state that voluntary offers of help were received from financial institutions at New York, Philadelphia, Chicago, New Orleans, Kansas City, Boston and many of the smaller towns of Missouri and Illinois, but all were declined for the reason that they had sufficient cash with which to handle their business. Expressions of confidence and offers of aid on the part of the national banks, financial and other institutions of St. Louis, helped to strengthen the situation and restore confidence.

"The flurry is over," said Mr. A. A. R. Woerhelde, president of the Lincoln Trust company. "Long before our regular closing hour had arrived all those who desired their money had received it and departed. There is no reason for further concern."

ANNUAL AGREEMENT SIGNED.

Northern Pacific Engineers Obtain Concessions.

St. Paul, Oct. 29.—An annual agreement between the Northern Pacific and the engineers was signed yesterday afternoon in the office of General Manager Cooper. The requests which the men made were nearly all acceded to by the company.

They include an increase of the wages of engineers now being paid in one or two divisions on a local scale to the general scale; stipulations as to seniority rights in the promotion of the men and numerous changes in the working rules all over the system. The exact concessions made by the company the men refused to reveal yesterday, but they stated that they considered them very important.

MERELY SALUTED DIAZ.

Intoxicated Mexican Made No Attempt to Kill the President.

Mexico City, Oct. 29.—Reports received from Guanajuato minimize the first details of the alleged attempt on the life of President Diaz. It is now said that Elias Toscano undoubtedly was intoxicated. Toscano, who was on horseback, fired into the air as the president's car was passing. The man claims he was moved at the moment to salute the president. The car was crowded with officials and friends of the president, so that had Toscano fired at the car somebody probably would have been hit.

President Diaz telegraphed here that the report of the attempt on his life is false.

MOB KILLS A WOMAN.

Bullets Intended for Her Husband Hit Jennie McCall.

Jacksonville, Fla., Oct. 29.—While attempting to secure her husband, who lived near Jennings, Fla., a mob shot to death Jennie McCall, a negro, at night. The mob surrounded McCall's house, and, thinking he was inside, fired a volley into the house, instantly killing the woman. A posse is reported to be in pursuit of the assailants.

FORT RILEY MANEUVERS.

Attacking Force Badly Cripples and Delays a Convoy.

Fort Riley, Kan., Oct. 29.—The military maneuvers of Wednesday were planned by Colonel Wagner, the chief umpire, and were highly successful. The exercise roughly stated was the attack and defense of a convoy, and, when all things stated in the problem are taken into consideration, the situation at the close of the day's fighting was somewhat severe for the wagon train. The defense of the train was in charge of Lieutenant Colonel Loughborough, who had under his command the Second, Sixth, Twenty-first and Twenty-fifth regiments of infantry, one squadron of the Twelfth cavalry and the Twentieth field battery.

The idea of the problem was that the supply train was to be hurried through to an advance body that had been cut off from its supplies. A force under Lieutenant Colonel Kingsbury was to attack this train, do as much damage as possible and hold it until an imaginary force coming up in the rear should enable him to capture the train. He certainly delayed it, and crippled it badly, and moreover, held it for a length of time sufficient in the opinion of the umpires for his reinforcements to arrive and when they came up there would have been some grand things with that long line of wagons. As usual in the maneuvers, the problem came to a close just as the real good fighting was about to commence.

FOUR TRAINMEN DEAD.

Freight Train Derailed Near Bessemer City, N. C.

Charlotte, N. C., Oct. 29.—Four men were killed and two hurt during the day when a freight train on the Southern Railway ran into a new switch near Bessemer City, N. C. Those killed were Engineer T. J. Pettus of Charlotte, Marion McComb of Gastonia and J. B. Higgins and John Thompson, negro firemen. The injured are P. H. Shaft, brakeman, and C. E. Tate, engineer.

Will Form Italian Cabinet.

Rome, Oct. 29.—Signor Giolitti has formally accepted the task given him by King Victor Emmanuel of forming a new cabinet. The indications are that this cabinet will, for the first time in the history of the new kingdom of Italy, bring the radicals into power in the person of Signor Sacchi, their leader, and some of his followers.

RIOTERS SCATTERED

SPANISH TROOPS CARRY BARRICADES AT BILBAO WITH BAYONET AND BAYONET.

ESTABLISH REIGN OF TERROR

STRIKERS STARTING A SOCIAL REVOLUTION LONG PLANNED BY AGITATORS.

Madrid, Oct. 29.—General Velasco, the military commandant at Bilbao, telegraphs the government that at day-break Wednesday morning the garrison occupied all the strategic positions with the view of protecting the banks, public buildings, factories and markets and especially the Jesuit and other religious houses, which the rioters seem determined to attack.

General Velasco reports that the cavalry repeatedly charged the rioters in the old part of the city. Some of the rioters were killed and many wounded. Revolvers and stones and other missiles, General Velasco adds, were used by the rioters in their struggle with the soldiers.

The principal railways are under the protection of the troops. Trains continue to run though with extreme caution. All other traffic in and outside Bilbao has been stopped. A number of miners came in and joined the strikers.

The military forces are considered sufficient to check incendiarism and attacks on property, but both the garrison and police are kept constantly on the alert to prevent fresh outbreaks.

It is believed here that the movement in and around Bilbao is assuming the proportions of a social revolution, long planned by Socialists and anarchists, as was done in Barcelona two years ago.

Newspaper reports of the disorder in Bilbao represent the strikers as having established a reign of terror.

In the chamber Wednesday Premier Villaverde confirmed the report that in Bilbao troops had carried the barricades at the point of the bayonet, and that the rioters had defended them fiercely with stones and firearms. He appealed to the house to postpone discussion of the matter.

UNION MEN QUIT WORK.

St. Louis Express Wagon Drivers on Sympathetic Strike.

St. Louis, Oct. 29.—The unusual action of union express wagon drivers in the employ of various local express companies who inaugurated a strike Wednesday with a view to forcing a settlement from the Pacific Express company with its striking employees, caused practically a suspension of business ordinarily handled by the companies affected in St. Louis.

The first intimation the local agents had of the step contemplated by their employees was on Tuesday evening, when each of them received notification committees representing employees of their company. The notification did not include a demand for either an increased wage scale or a shortening of hours. Huddled conferences were held on Tuesday between local agents of several companies and their employees, and it is charged by nearly all of the former that the latter broke faith with them after having given their word that they would not participate in a sympathetic strike.

The companies affected are the Adams, National, American, Wells-Fargo and Pacific.

MYSTERY IS UNSOLVED.

Allentown (Pa.) Police Waiting for Coroner's Verdict in Bechtel Case.

Allentown, Pa., Oct. 29.—With David Welsberg under \$500 bail supplied by Congressman Kline, and with Thomas Bechtel, her brother, and Alfred Eckstein, her accredited lover, locked up in a police station cell, the Allentown police are resting in their work on the Mabel H. Bechtel murder case until Coroner Scheeler's jury meets this evening.

The mystery is still practically unsolved, except that indications point to a family row in which Eckstein may have figured, as he admits he was at Miss Bechtel's home on Monday evening for an hour and a half.

SITUATION IN THE FAR EAST.

Commerce of the Orient Seriously Affected.

London, Oct. 29.—The uncertainty of the situation in the far East, according to the Chefoo correspondent of the Morning Post, is seriously affecting commerce. Trade between Chefoo and Manchuria is suspended. The correspondent adds:

"I hear from a trustworthy source that Japan will not gain an inch of territory in Korea through raising the Yungnampho question, as Russians were firmly settled. It is possible that a Japanese occupation of Ma San Pho, Korea, will cut off communication between Vladivostok and Port Arthur. Some troops from the transbaikalian territory have been ordered to the Liao Tung Peninsula and have been styled the army of East Siberia. A Japanese paper says the Russian consul at Ma San Pho is creating a consulate at Fusan, Korea, which is regarded as a Japanese stronghold."

RAILROAD GOSSIP

A partial settlement with the Northern Pacific road has been secured by the general committee of engineers. A new list of engineers, including men on the Minnesota main line and the Wisconsin branches will be issued soon. This will equalize the ranking of the old engineers on three divisions and the men transferred to the new division created by dividing the Minnesota main line and the St. Paul terminals into two operating divisions. The men will be given new numbers, and the former relative rank of the old employees and the younger engineers will be preserved. The men in the service are promoted by number.

J. M. Hannaford of the Northern Pacific quies several rumors to the effect that he will go to different roads by saying that he has not thought of leaving St. Paul.

CHARLEY TOWNE as Tammany's candidate for the vice presidency seems to fill a long felt desire. Charley has now posed with every political party, and barring Elijah Dowie and Carrie Nation, is probably the best advertised individual in the country today.

DR. BARCOCK, of Wadena, announces his withdrawal from local politics in Wadena county. The doctor had the pleasure of keeping his opponents all guessing during his political career. Bro. Henderson, of the Verndale Sun, is mentioned as a probable candidate for the legislature from that county.

FERGUS FALLS has a transient merchant ordinance which calls for a license of \$150, the money to be refunded in case they remain in business long enough to pay a year's taxes. Recently Fred Clark shipped in a car load of apples there and he was arrested under the ordinance, put up a \$50 bail for his appearance at trial but forfeited the bond rather than fight the matter. Such an ordinance has the effect of keeping out merchants with bankrupt stocks who come and unload their goods and drop out as suddenly as they came, to the detriment of the home merchants who pay taxes and add to the upbuilding of the city. It's a good thing and evidently the apple man made up his mind he would be soaked for the full amount.

Pleased With the Land.

Crow Wing, Minn., Oct. 28, 1903. FRANK ADY, Brainerd, Minn.,

DEAR SIR: I have just returned from Cheyenne Wells, Colo., where I went, as you know, to examine the lands you are selling there.

I certainly congratulate you upon your success in securing the agency of the lands in that part of the country.

When you suggested to me that I go there and see the land, and that if I found it different than your description you would pay my expenses, I decided to go, but I assure you I will not call on you for your cheque, as the only way you misrepresented the country to me is that you did not make it strong enough.

As you know, I intended to buy one section and have bought two, which, more than anything I can say, will show my opinion of the land. I am a practical farmer of over thirty years, and claim to know whereof I speak, and assure you that I am thoroughly convinced that this country is the equal of and far superior to many places I have seen where land is selling at from \$10 to \$25 per acre; and my 1280 acres down there are not for sale.

Yours truly,

J. W. PORTER.

P. S. The samples I saw in your office are dwarfs compared with what I saw on the land.

The following taken from the St. Cloud Journal-Press will be of interest, as the bride, a sister of Mrs. Chas. Vandersluis, is well known here:

DAME RUMOR.

MUSIC AND DRAMA.

"THE TWO SISTERS."

Denman Thompson, the author of this remarkably clever play of real life and manners, has been so unusually cautious in permitting its revival that he has exacted extraordinary assurance from its present management on the points of its equipment and performance for he will in no way lend his name to any enterprise in which there is a shadow of doubt regarding the fulfillment of all representations made to the public, consequently this distinguished gentleman has personally looked after the engagement of every member of the company, supervised the building of the scenic structure and property equipment, carefully rehearsed everybody and everything and given them valuable advice regarding the booking and general arrangement of the tour. This is fair reasoning to intelligent patrons of a splendid performance when the "Two Sisters" appear at the Brainerd theatre tomorrow night. Seats now on sale at Dunn's.

MR. ARTHUR FARWELL.

Tomorrow night Mr. Arthur Farwell will be heard in a recital lecture at the First Congregational church under the auspices of the Brainerd Ladies Musical club, and the event will be a notable one in musical circles of the city, made especially so on account of the interest attached to the very unique program which Mr. Farwell gives, that of depicting Indian music. His program will cover a wide scope dealing with the very interesting subject of "The Music and Myth of the American Indians." There has never been heard anything just like this in Brainerd and Mr. Farwell should be greeted with a crowded house.

"QUINCY ADAMS SAWYER."

Did you ever court a country girl? Did you ever sing in a country church choir? Did you ever go to a husking bee? Did you ever attend a town meeting? Quincy Adams Sawyer a young lawyer from Boston did, and that is what the play called "Quincy Adams Sawyer," to be produced here next Wednesday, Nov. 4th, at the Brainerd theatre, is about. The popular New England novel of the same name told all about these happenings, but it is said they are depicted even more vividly and interestingly in play form. During the recent engagement of eight weeks at the Boston theatre the s. r. o. sign had to be displayed every night.

OLD AND NEW WAY.

Hyomei the Latest Scientific Discovery for the Cure of Catarrh.

The discovery of Hyomei has wrought a wonderful change in the treatment of catarrh.

Prior to three years ago the medicines ordinarily employed in the cure of this disease were nauseating drugs and worthless tonics. In some instances they benefitted, but the improvement was not lasting.

With Hyomei you take into the air passages of the throat and head a balsamic air that goes to the minutest cells, effectually killing all germs and microbes of catarrh. It enters the blood with the oxygen, killing the germs in the blood, and restores health to the whole system. Many astonishing testimonials have been received from those who have been cured by Hyomei.

A complete outfit costs but \$1.00 and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.

Perhaps the strongest evidence that can be given to doubters, is the fact that H. P. Dunn & Co. place so much faith in Hyomei that they sell every package under a positive guarantee to refund the money if it does not cure.

Now is the time to begin the use of Hyomei.

The New Wholesale Grocery Firm will be Known as the Brainerd Grocery Company.

The new wholesale grocery firm recently organized will not be known as the Brainerd Mercantile company as was first announced, but will be the Brainerd Grocery company. The entire community extends sympathy to the parents of the deceased, who are heart broken over the sad affair. The relations between the son and his parents have always been very pleasant and when he was home for his last meal Monday noon he appeared in the best of spirits.

TROUBLE IN PROSPECT.
City of Allegheny, Pa., to Be Placed
Under Quarantine.

Pittsburg, Oct. 29.—At 1 o'clock
this morning a telegram was received
by the Allegheny City officials from
Dr. Wilmer R. Batt, quarantine officer
at large of the Pennsylvania state
board of health, announcing that at a
conference in Washington, D. C., be-
tween Batt and Dr. Benjamin Lee,
secretary of the state board of health,
it was decided to quarantine Allegheny.
The telegram states that Dr. Batt
and other state officials will ar-
rive about noon and the quarantine
will be established immediately.

City Solicitor S. G. Porter of Allegheny
City stated that if Dr. Batt or
any other state officer tries to quaran-
tine the city he will immediately or-
der his arrest. A sworn statement by
Director Thomas Scandrett, direc-
tor of public safety of Allegheny,
states that there are but sixteen cases
of smallpox in Allegheny, which is lo-
cated directly across the river from
Pittsburg, and has a population of
160,000. He says the quarantine is
the result of the city of Allegheny de-
clining to order a fumigator manufac-
tured by a concern in which a state
board of health official is interested.

Dr. Batt is censured for his activity
by leading physicians of Allegheny
and if he tries to enforce the quaran-
tine there is likely to be serious trou-
ble. Two-thirds of the residents of
Allegheny have business interests or
are employed in Pittsburg. Dr. Batt
states that he intends to place plac-
ards in all Western and Eastern cities,
furnish money, letters, packages
and endeavor to prevent people from
coming or going into Allegheny.

FAVORS GOVERNMENT CONTROL.
Mississippi River Levee Association
Adopts Resolutions.

New Orleans, Oct. 29.—The Inter-
state Mississippi River Improvement
and Levee association convention
closed its session last night after
adopting a series of resolutions in
favor of government jurisdiction of
levees and adequate appropriations
for their speedy construction if gov-
ernment control is not advisable, and
endorsing the proposed waterway from
the Great Lakes to the gulf and the
Chicago sanitary canal as a part of
that project. The feature of the morn-
ing session was Judge Robert S. Tay-
lor's appeal against the proposed
movement for government ownership.

At the opening of the afternoon ses-
sion the report of the committee on
resolutions was read and adopted and
a committee was appointed to memo-
rialize congress with the resolu-
tions adopted.

INVESTIGATION BEING MADE.

Large Quantity of Dynamite Found in
Seattle Depot.

Seattle, Wash., Oct. 29.—Twelve
sticks of dynamite, done up in two
packages, with fuses attached, all
ready to light, were found concealed
in the toilet room of the Interurban
depot here Wednesday. There was
enough of the explosive to have blown
down all the buildings within a ra-
dius of two blocks and to damage
property for a distance of ten blocks
from the depot.

The discovery was made by a labor-
er who saw the package behind the
washstand. He pulled it out and
found it was dynamite.

An explosion of dynamite occurred
at First and Jackson streets, in the
rear of the Capitol hotel, early Tues-
day morning, not more than 150 feet
from the depot building, and was sup-
posed to have been the work of some
drunken man. Now the matter is
viewed in a different light, and an in-
vestigation is being made.

Three weeks ago a man who gave
his name as William Shannon was ar-
rested in a saloon with fourteen sticks
of dynamite in his pocket.

Washington, Oct. 29.—The president
has ordered a reconsideration of the
case of Lewis Kempner, the former
superintendent of the registry system
of the postoffice department, recently
removed by Postmaster General Payne,
and Mr. Kempner will be given a
hearing on the charges against him.
In his petition to the president, Mr.
Kempner says that the alleged charges
are inconsistent and unjust, and that
he had never been furnished with a
copy of them.

The charges against Kempner were
extravagance, negligence and petty
smuggling.

MALCOLM A. MOODY INDICTED.

Former Congressman Charged With
Withholding a Letter.

Portland, Ore., Oct. 29.—The federal
grand jury has returned an indict-
ment against Malcolm A. Moody, for-
mer member of congress, charging
him with withholding a letter from the
person to whom it was addressed. The
court released Mr. Moody upon his
own recognizance. Mr. Moody said:
"The charge is false and malicious,
trumped up for political purposes."

Three Men Missing.

Victoria, B. C., Oct. 29.—The sealing
recoherer Jessie, just arrived from
Bering sea, reports that the schooner
"Imbrina" lost her mate, Gus Holgren,
and two hunters in the Bering sea.

fog. They are believed to have been
drowned.

New York, Oct. 29.—Fire last night
in the factory building at University
Place and Tenth street, occupied by
Simon Stern & Co., and other manu-
facturers of women's and children's
clothing, caused a loss estimated at

TO END THE BATTLE

COMMITTEE OF PROMINENT MEN
WILL ATTEMPT TO SETTLE
MONTANA TROUBLE.

APPEAL TO GOVERNOR TOOLE

LABOR ORGANIZATIONS WANT A
SPECIAL SESSION OF LEG-
ISLATURE CALLED.

Butte, Mont., Oct. 29.—United States
Senator Clark Wednesday received a
message from Senator Gibson, stating
that he, in company with J. J. Hill,
president of the Great Northern, would
reach Butte today. Governor Toole
also will be here and it is expected
that the members of the mediation
committee will meet and formulate
their plans in an effort to settle the
struggle between Heinze and the
Amalgamated Copper company.

President William Scallon of the
Anaconda Copper company, the lead-
ing Amalgamated official in Montana,
and Mr. Heinze have both signified
their willingness to meet the media-
tion committee. Senator Clark, who
is a member of the committee, said:
"I trust that it will be within the
province of this committee to find
some fortunate solution to the ques-
tion which will hasten an amicable
settlement that will permit the re-
opening of the mines and smelters."

"This shutdown means so much to
the people of the state that all parties
involved should be willing to consider
the interests of the public and with
this in view I hold myself in readiness
to assist in relieving the existing dif-
ficulty."

Will Hasten a Settlement.

"At this time it is quite impossible
to determine just how or what the
committee will decide in the matter,
but I feel certain the interests of all
parties will be considered and the
committee will do all in its power to
hasten a settlement looking to the pro-
tection of the properties of those in-
volved, and to the resumption of work
in the mines and smelters and the
relief of the thousands of men, women
and children affected by the shut-
down."

A rumor which, however, could not
be verified, was to the effect that ef-
forts were being made to have the
miners' union call out the miners em-
ployed by the Heinze interests as a
means of hastening a settlement of
the issues at stake.

This report was strenuously denied
by officials of the miners' union, who
declared the subject had not even been
thought of.

According to resolutions passed and
now in the hands of the miners' union
committee at Helena, appealing to
Governor Toole for an extra session
of the legislature, it is contemplated
by the miners' union to have passed
such laws at the special session of the
legislature as will in its opinion make
the bill of rights of Montana operative.

Committees representing the Butte
Miners' union and the Great Falls
Mill and Smelter Men's union present-
ed to Governor Toole resolutions ask-
ing him to call an extra session of the
legislature. The governor stated that
he would give the resolutions careful
consideration, and reply to them at
an early date.

ATTEMPTED BLACKMAIL.

Ohio Woman Tried to Extort Money
From Senator Hanna.

Columbus, O., Oct. 29.—Deputy
United States Marshal Bauer has re-
ceived from the district attorney at
Cincinnati a warrant for the arrest of
Mrs. Samuel Faswell of this city on
the charge of using the mails to de-
fraud, but she is too ill to be arrested.

It is alleged that Mrs. Faswell sent
through the mails a letter to Z. L.
White, a leading merchant here, de-
manding that he pay her \$300 or
"certain facts" would be exposed. It
is alleged that the woman sent a
similar letter to Senator Hanna, de-
manding \$500. The identity of the
sender was ascertained through a de-
coy letter. It is alleged Mrs. Boswell
admitted having sent the letters, but
knew nothing derogatory to the per-
sons to whom they had been address-
ed, and her act was inspired solely by
a desire to obtain money.

MICHIGAN MINE ON FIRE.

Three Miners Seriously Burned and
Otherwise Badly Injured.

Negaunee, Mich., Oct. 29.—The
shaft of Princeton mine at Swansey
took fire Wednesday and is still burn-
ing. Henry Lewski, Andy Bolkki
and John Kilkola, miners, were se-
verely burned about their heads and
hands and seriously injured by falling
sixty feet from a ladder, which burned
in two before they could reach the
top. Other miners succeeded in
reaching the top without injury
through an unused shaft. The dam-
age will amount to several thousand
dollars and will cause the suspension
of work at the mine until the shaft
is repaired.

YELLOW FEVER SITUATION.

Heavy Rain Complicates Matters at
Laredo, Tex.

Laredo, Tex., Oct. 29.—The fever
situation was not so favorable Wednes-
day as during the past few days. A
heavy rain fell at night and it com-
plicated the situation.

The official bulletin is as follows:
New cases, 15; deaths, 5.
Conditions are bad at Monterey, but
the fever has to all appearances run
its course in San Antonio and all ex-
citement there has died out.

Tacoma Exceeds All Requirements.

San Francisco, Oct. 29.—The copper
sheathed, protected "cruiser" Tacoma

day on the bay and exceeded all of

MEMPHIS MEETING ENDED.

Two Additional Records Broken on the
Closing Day.

Memphis, Tenn., Oct. 29.—The eight-
day meeting of the Memphis Trotting
association was brought to a fitting
close Wednesday with the breaking
of two additional records for trotting.
Lou Dillon went a mile to wagon in
two minutes flat, cutting a second and
three-quarters from the previous re-
cord, made by himself; and The Monk
and Equity, driven by Mr. Billings,
their owner, lowered the world's trot-
ting record for a mile to pole, 2:09¼,
to 2:08.

The trial of Lou Dillon was made
with the customary two runners to
set the pace and the forward sulky
carried a dust screen. As the horses
drew near the last eighth pole the
speed of the little mare was so terri-
fic that Mr. Billings drew her from be-
hind the forward sulky and the finish
was made in a drive with the two
runners alongside of the trotter and
all three horses flashing under the
wire the barest noses apart.

Late War at St. Louis Fair.

Johannesburg, Oct. 29.—The Boers

tary display at the St. Louis exposit-
tion next year. The plan as outlined
is to show many of the picturesque
features of the late war. One-third
of the necessary capital has already
been subscribed here and it is hoped
to float the balance in the United
States. General Viljoen and his sec-
retary Mr. Lewis, immediately leave
for the United States in connection
with the undertaking.

Tiflis, Russian Transcaucasia, Oct.
29.—Prince Galitzin, governor general

ernor general thrice. They fled but
were subsequently shot down by Cos-
sacks.

TROUBLE IN PROSPECT.

City of Allegheny, Pa., to Be Placed
Under Quarantine.

Pittsburg, Oct. 29.—At 1 o'clock
this morning a telegram was received
by the Allegheny City officials from
Dr. Wilmer R. Batt, quarantine officer
at large of the Pennsylvania state
board of health, announcing that at
a conference in Washington, D. C., be-
tween Batt and Dr. Benjamin Lee,
secretary of the state board of health,
it was decided to quarantine Allegheny.
The telegram states that Dr. Batt
and other state officials will arrive
about noon and the quarantine will
be established immediately.

City Solicitor S. G. Porter of Allegheny
City stated that if Dr. Batt or
any other state officer tries to quaran-
tine the city he will immediately order
their arrest. A sworn statement
by Director Thomas Scandrett, director
of public safety of Allegheny,
states that there are but sixteen cases
of smallpox in Allegheny, which is lo-
cated directly across the river from
Pittsburg, and has a population of
160,000. He says the quarantine is
the result of the city of Allegheny de-
clining to order a fumigator manufac-
tured by a concern in which a state
board of health official is interested.

Dr. Batt is censured for his activity
by leading physicians of Allegheny
and if he tries to enforce the quaran-
tine there is likely to be serious trou-
ble. Two-thirds of the residents of
Allegheny have business interests or
are employed in Pittsburg. Dr. Batt
states that he intends to place placards
in all Western and Eastern cities,
furnish money, letters, packages
and endeavor to prevent people from
coming or going into Allegheny.

FAVORS GOVERNMENT CONTROL.

Mississippi River Levee Association
Adopts Resolutions.

New Orleans, Oct. 29.—The Inter-
state Mississippi River Improvement
and Levee association convention
closed its session last night after
adopting a series of resolutions in
favor of government jurisdiction of
levees and adequate appropriations
for their speedy construction if gov-
ernment control is not advisable, and
endorsing the proposed waterway from
the Great Lakes to the gulf and the
Chicago sanitary canal as a part of
that project. The feature of the morn-
ing session was Judge Robert S. Tay-
lor's appeal against the proposed
movement for government ownership.

At the opening of the afternoon ses-
sion the report of the committee on
resolutions was read and adopted and
a committee was appointed to mem-
orialize congress with the resolu-
tions adopted.

Hon. Charles S. Fairchild of New
York, Richard H. Edmonds, editor of
the Manufacturers' Record, Congress-
man John Sharp Williams of Missis-
sippi and Judge George H. Maxwell of
the National Irrigation association
made addresses.

At the conclusion of Mr. Maxwell's
address, letters and telegrams were
read from governors, congressmen,
railroad presidents and others ex-
pressing sympathy with the move-
ment, and the convention finally ad-
journed.

INVESTIGATION BEING MADE.

Large Quantity of Dynamite Found in
Seattle Depot.

Seattle, Wash., Oct. 29.—Twelve
sticks of dynamite, done up in two
packages, with fuses attached, all
ready to light, were found concealed
in the toilet room of the Interurban
depot here Wednesday. There was
enough of the explosive to have blown
down all the buildings within a ra-
dius of two blocks and to damage
property for a distance of ten blocks
from the depot.

The discovery was made by a laborer
who saw the package behind the
washstand. He pulled it out and
found it was dynamite.

An explosion of dynamite occurred
at First and Jackson streets, in the
rear of the Capitol hotel, early Tues-
day morning, not more than 150 feet
from the depot building, and was sup-
posed to have been the work of some
drunken man. Now the matter is
viewed in a different light, and an in-
vestigation is being made.

Three weeks ago a man who gave
his name as William Shannon was ar-
rested in a saloon with fourteen sticks
of dynamite in his pocket.

BY ORDER OF THE PRESIDENT.

Case of Lewis Kempner Will Be Re-
considered.

Washington, Oct. 29.—The president
has ordered a reconsideration of the
case of Lewis Kempner, the former
superintendent of the registry system
of the postoffice department, recently
removed by Postmaster General Payne,
and Mr. Kempner will be given a
hearing on the charges against him.
In his petition to the president, Mr.
Kempner says that the alleged charges
are inconsistent and unjust, and that
he had never been furnished with a
copy of them.

The charges against Kempner were
extravagance, negligence and petty
smuggling.

MALCOLM A. MOODY INDICTED.

Former Congressman Charged With
Withholding a Letter.

Portland, Ore., Oct. 29.—The federal
grand jury has returned an indict-
ment against Malcolm A. Moody, for-
mer member of congress, charging
him with withholding a letter from the
person to whom it was addressed. The
court released Mr. Moody upon his
own recognizance. Mr. Moody said:
"The charge is false and malicious,
trumped up for political purposes."

Three Men Missing.

Victoria, B. C., Oct. 29.—The sealing
schooner Jessie, just arrived from
Bering sea, reports that the schooner
Gimbrina lost her mate, Gus Holgren,
and two hunters in the Bering sea.
Their boat lost the schooner during a
fog. They are believed to have been
drowned.

Heavy Loss From Smoke.

New York, Oct. 29.—Fire last night
in the factory building at University
Place and Tenth street, occupied by
Simon Stern & Co., and other manu-
facturers of women's and children's
clothing, caused a loss estimated at
\$250,000, largely due to smoke.

TO END THE BATTLE

COMMITTEE OF PROMINENT MEN
WILL ATTEMPT TO SETTLE
MONTANA TROUBLE.

APPEAL TO GOVERNOR TOOLE

LABOR ORGANIZATIONS WANT A
SPECIAL SESSION OF LEG.
LEGISLATURE CALLED.

Butte, Mont., Oct. 29.—United States
Senator Clark Wednesday received a
message from Senator Gibson, stating
that he, in company with J. J. Hill,
president of the Great Northern, would
reach Butte today. Governor Toole
also will be here and it is expected
that the members of the mediation
committee will meet and formulate
their plans in an effort to settle the
struggle between Heinze and the
Amalgamated Copper company.

President William Scallion of the
Anaconda Copper company, the lead-
ing Amalgamated official in Montana,
and Mr. Heinze have both signified
their willingness to meet the medi-
ation committee. Senator Clark, who
is a member of the committee, said:

"I trust that it will be within the
province of this committee to find
some fortunate solution to the ques-
tion which will hasten an amicable
settlement that will permit the re-
opening of the mines and smelters."
"This shutdown means so much to
the people of the state that all parties
involved should be willing to consider
the interests of the public and with
this in view I hold myself in readiness
to assist in relieving the existing dif-
ficulty."

Will Hasten a Settlement.

"At this time it is quite impossible
to determine just how or what the
committee will decide in the matter,
but I feel certain the interests of all
parties will be considered and the
committee will do all in its power to
hasten a settlement looking to the pro-
tection of the properties of those in-
volved, and to the resumption of work
in the mines and smelters and the re-
lief of the thousands of men, women
and children affected by the shut-
down."

A rumor which, however, could not
be verified, was to the effect that ef-
forts were being made to have the
miners' union call out the miners em-
ployed by the Heinze interests as a
means of hastening a settlement of
the issues at stake.

This report was strenuously denied
by officials of the miners' union, who
declared the subject had not even
been thought of.

According to resolutions passed and
now in the hands of the miners' union
committee at Helena, appealing to
Governor Toole for an extra session
of the legislature, it is contemplated
by the miners' union to have passed
such laws as will in its opinion make
the bill of rights of Montana operative.

Committees representing the Butte
Miners' union and the Great Falls
Mill and Smelter Men's union pre-
sented to Governor Toole resolutions ask-
ing him to call an extra session of the
legislature. The governor stated that
he would give the resolutions careful
consideration, and reply to them at
an early date.

ATTEMPTED BLACKMAIL.

Ohio Woman Tried to Extort Money
From Senator Hanna.

Columbus, O., Oct. 29.—Deputy
United States Marshal Bauer has re-
ceived from the district attorney at
Cincinnati a warrant for the arrest of
Mrs. Samuel Baswell of this city on
the charge of using the mails to de-
fraud, but she is too ill to be arrested.

It is alleged that Mrs. Baswell sent
through the mails a letter to Z. L.
White, a leading merchant here, de-
manding that he pay her \$300 or
"certain facts" would be exposed. It
is alleged that the woman sent a
similar letter to Senator Hanna, de-
manding \$500. The identity of the
sender was ascertained through a de-
coy letter. It is alleged Mrs. Baswell
admitted having sent the letters, but
knew nothing derogatory to the per-
sons to whom they had been address-
ed, and her act was inspired solely by
a desire to obtain money.

Otherwise Badly Injured.

sixty feet from a ladder, which burned
in two before they could reach the
top. Other miners succeeded in
reaching the top without injury
through an unsealed shaft. The dam-

MEMPHIS MEETING ENDED.

Two Additional Records Broken on the
Closing Day.

Memphis, Tenn., Oct. 29.—The eight-
day meeting of the Memphis Trotting
association was brought to a fitting
close Wednesday with the breaking
of two additional records for trotting.
Lou Dillon went a mile to wagon in
two minutes flat, cutting a second and
three-quarters from the previous re-
cord, made by herself; and The Monk
and Equity, driven by Mr. Billings,
their owner, lowered the world's trot-
ting record for a mile to pole, 2:09½,
to 2:08.

The trial of Lou Dillon was made
with the customary two runners to
set the pace and the forward sulky
carried a dust screen. As the horses
drew near the last eighth pole the
speed of the little mare was so terri-
fic that Mr. Billings drew her from be-
hind the forward sulky and the finish
was made in a drive with the two
runners alongside of the trotter and
all three horses flashing under the
wire the barest noses apart.
